

The RePEc idea: Federating people and collections

Thomas Krichel (Long Island University)
Christian Zimmermann (Federal Reserve Bank of St. Louis)

JCDL Ottawa 2011

Introduction

How

Incentives

Authors

Now

RePEc

▶ Research Papers in Economics

RePEc

- ▶ Research Papers in Economics
- ▶ Goal 1: improve dissemination of research in Economics and connex sciences

RePEc

- ▶ Research Papers in Economics
- ▶ Goal 1: improve dissemination of research in Economics and connex sciences
- ▶ Goal 2: in particular democratize research

RePEc

- ▶ Research Papers in Economics
- ▶ Goal 1: improve dissemination of research in Economics and connex sciences
- ▶ Goal 2: in particular democratize research
- ▶ Fertile ground: tradition of pre-prints

The process

The process

- ▶ Network of volunteers archivists

The process

- ▶ Network of volunteers archivists
- ▶ Metadata and retrieval protocols

The process

- ▶ Network of volunteers archivists
- ▶ Metadata and retrieval protocols
- ▶ Paper hosting at publishing institutions

The process

- ▶ Network of volunteers archivists
- ▶ Metadata and retrieval protocols
- ▶ Paper hosting at publishing institutions
- ▶ \implies No central cost, everything free

Getting the incentives right

Getting the incentives right

- ▶ Get critical mass

Getting the incentives right

- ▶ Get critical mass
- ▶ Make metadata available to services

Getting the incentives right

- ▶ Get critical mass
- ▶ Make metadata available to services
- ▶ Show publishers metadata is used

Getting the incentives right

- ▶ Get critical mass
- ▶ Make metadata available to services
- ▶ Show publishers metadata is used
- ▶ Get authors involved
